

CLIMATE INNOVATIONS EXCHANGE
15-18 JANUARY 2018
ABU DHABI NATIONAL EXHIBITION CENTRE
Financing Future Innovations

CLIX hosted by

In Collaboration with

Part of

CLIX - Financing Future Innovations

As an initiative of World Future Energy Summit 2018, Climate Innovation Exchange (CLIX) is a new marketplace that connects entrepreneurs and investors to enable the sourcing, funding and commercialisation of climate change solutions and technologies.

We are looking for entrepreneurs, start-ups and innovators from across the globe who want to pitch their conceptual ideas, new products or transformative business models to an esteemed panel of investors. Your innovation must be aligned to the **three focus pillars of CLIX**, which are:

Air Pollution

Clean Mobility

**Innovation
Agriculture**

Deadline for applications is 15th October 2018

For more information on the initiative, eligibility criteria and the application process, please visit <https://www.worldfutureenergysummit.com/CLIX>

Do you want to attend CLIX?

Simply [register as a visitor for World Future Energy Summit](#). It's free to attend!
