**Energy Globe 2018:**  
Submit your sustainable project NOW  
Deadline 21<sup>st</sup> November 2017

## National ENERGY GLOBE Awards

The national ENERGY GLOBE Awards distinguish best project submissions from a country (e.g. ENERGY GLOBE Germany, ENERGY GLOBE Argentina).

With 178 participating countries, the ENERGY GLOBE Award is today's most prestigious environmental award. It is awarded annually to projects focusing on energy efficiency, renewable energies and the conservation of resources. The awards for these many projects are presented in their recipients' individual countries in cooperation with our partners, in particular with the international offices of the Austrian Chamber of Commerce.

National winners receive an ENERGY GLOBE Certificate highlighting applicant and project, signed by ENERGY GLOBE Jury chairperson Maneka Gandhi and ENERGY GLOBE initiator Mr. Wolfgang Neumann.

The ENERGY GLOBE Certificate is an internationally recognized hallmark for sustainability. Many of our winners proudly present it on their websites, on image brochures or simply hang it on the wall of their offices. In some countries the National Award is split into categories, and the winners not only get the certificates but even the popular trophies.

Get inspired by **national winners 2017** and have a look at exciting and unique environmental solutions from all around the world!

Select a country!

*"Generating your own energy and lowering overall energy consumption – this is what we would like to make possible for everyone in the world."*

**Wolfgang Neumann**  
Founder, ENERGY GLOBE Foundation
