

SWISS CLEANTECH DELEGATION TO INDIA: 2018

swissnex India, in partnership with the Swiss Federal Office of Energy (SFOE), is curating a week-long mission to India for Swiss cleantech startups, academics and innovative companies, co-organized by Swiss Agency for Development and Cooperation Office (SDC), New Delhi, The Consulate General of Switzerland in Mumbai, Switzerland Global Enterprise (SGE) and Swiss Business Hub (SBH), India

Who can apply?

- **Swiss academic experts in solar, energy storage and mobility technologies:** Keen to explore opportunities for academic collaborations, consultancy projects, joint product development and tech licensing.
- **Swiss cleantech startups:** Looking for market validation, market entry, technology partnerships and business process re-engineering.
- **Swiss cleantech SMEs:** For market validation, market entry, market development and business support

Why now?

- Tap into exciting business opportunities generated by India's ambitious target to achieve 175 GW renewable energy installations by 2022 and the boost given to domestic manufacturing industry through 'Make in India' campaign.
- The Indian renewable energy sector is the second most attractive renewable energy market in the world according to [EY renewable energy country attractiveness index](#).
- Intersolar is the most sought-after conference by solar and energy players. It provides you an opportunity to meet 17,000+ business professionals from 55 countries interested in solar, energy storage and electric mobility business.
