## Digital opportunities for the future of Agrifood Forestry and Environment

### The DIVA project on the spotlight: Contributions and next steps

The [DIVA consortium](#), in cooperation with the [Enterprise Europe Network](#), invite you to a virtual event on **4 & 5 March 2021**. 100% online and **free of charge**, the event is intended for **providers of digital tools** and solutions as well as **companies from all over Europe** working in the **agrifood, forestry and environment** sectors. The aim is to foster the sharing of knowledge and expertise, to inform about future trends and technologies and to promote R&D, technical and business cooperations.

The programme comprises **conferences** and **workshops** featuring expert speakers. Attendees will also have the chance to participate in **b2b meetings on both days**. Find out the details [here](#).

### Who should attend?

- Companies offering ICT applied to agri-food, forestry and environment
- General digital tool and technology providers looking to develop and explore new applications
- Agrifood, forestry and environment companies seeking digital solutions to improve their business
- Stakeholders, organisations and R&D institutes active or interested in the relevant fields

### Register now in order to:

- Stay up-to-date about current innovations and future trends
- Enhance your business network and growth
- Identify effective solutions to the challenges your company is facing
- Find new business and technology partners
- Showcase your products, technologies, services or project ideas

### CONTACTS:
